

T-Handles

Stainless Steel, Hygienic Design

SPECIFICATION

Stainless steel precision casting AISI 316

- Matte finish ($Ra < 0.8 \mu m$) **MT**
- Polished finish ($Ra < 0.8 \mu m$) **PL**

Sealing ring

- H-NBR **H**
Temperature resistant $-25^{\circ}C$ to $+150^{\circ}C$
- EPDM **E**
Temperature resistant $-40^{\circ}C$ to $+120^{\circ}C$
- Blue
- Hardness 85 ± 5 Shore A
- FDA compliant

INFORMATION

T-handles GN 5064 comply with the DGUV testing principles and are intended for use in hygienic areas. The version with PL finish is additionally certified according to the guidelines of the EHEDG. The sealed mounting surface enables mounting without dead spaces; the impervious geometry in combination with the high quality finish prevents the accumulation of dirt and facilitates cleaning.

T-handles are great for lifting, moving and operating parts or for clamping purposes by means of threads. The ergonomic shape allows for high operating forces.

The T-handles can also be used in particularly aggressive environments thanks to the material used.

ACCESSORY

- Sealing Rings GN 7600 (see page)

ON REQUEST

- with FKM sealing ring (Fluorine rubber) **F**

TECHNICAL INFORMATION

- Plastic Characteristics (see page A2)
- Stainless Steel Characteristics (see page A26)

NV 23193
