

IN-LINE MINI® SPLASHPROOF FUSE HOLDER

For MINI® Style Blade Fuses

Description

The FHM series In-Line Fuse Holder is the perfect solution for applications needing additional or remote circuit protection. Paired with a 32V or 58V DC Littelfuse MINI® Fuse, the FHM series In-Line holder can be mounted universally anywhere, allowing for universal circuit protection in a pinch.

Standard products are featured on this datasheet, though Littelfuse actively produces Custom and Semi-Custom versions, depending on customer requirements. Semi-Custom and Custom products include variations on characteristics such as wire length, wire tinning, or insulation color. All customizations have minimum order requirements. Contact your Littelfuse sales representative for details.

Features and Benefits

- Compact size allows for mounting in space limited areas.
- Integral cover seals product to IP67 rating.
- Available in bulk or retail packaging

Ordering Information

See page 2 for ordering information on existing standard products
