Duroplast

PA 6.6

ABS

I

II

III

THE PRODUCT

The comprehensive range of boxes for potting electronic assemblies. With special cost advantages for series-type production.

Potted assemblies are protected from shock as well as temperature, dampness and chemical influences. The versions made of Duroplast are not highly resistant to fracture.

YOUR ADVANTAGE

Duroplast

Resistant to deformation and extreme temperatures.

Polyamide 6.6

Good value for money. High-impact.

ABS

Good value for money. Preferably for potting small assemblies.

APPLICATIONS

For protecting and potting electronic assemblies.

POTTING BOXES
